# Vendor of Record Program: Three Year Outlook

**Note:**

1. This schedule is an advance notice to the marketplace in the form of a list of significant procurements for projects, goods and services that Ontario's Supply Chain Ontario (SCO) has identified for the period covered. Ontario does not guarantee, however, by providing this schedule, to purchase all or any of the projects, goods or services listed.
2. For items on the schedule, Ontario may not have yet conducted its market research or prepared a significant procurement plan including how it will approach the market. This research and subsequent plan will determine when to go to the market and the appropriate procurement methodology.
3. This schedule is not intended as an invitation to submit tenders or proposals and there are no procurement documents available at the present time.
4. Dates are estimates only and are subject to change by Ontario.
5. Please be aware that the tendering process may be preceded by stakeholder engagement typically 60 days prior to tendering.
6. Suppliers interested in how the government procures goods and services may be directed to the "How to do business with the Ontario Government" webpage for further information: [How to do business website](#)
7. To view all active Vendor of Record Arrangements (VORs), please refer to SCO's online listing: [VOR Listing](#)

Please consider the environment before printing this document. Should you need to print this document, please consider printing double-sided in black and white where possible.
